Backend & Android Developer

Backend and Android developer, in professional music and audio since 2009. I write Kotlin and Java daily: APIs and services with Spring Boot and Ktor, Android apps with Jetpack Compose, and hands-on Bluetooth LE and LE Audio work. Years of running complex live productions taught me to deliver under pressure and on deadline.

TECHNICAL SKILLS

EXPERIENCE

Jun 2025 – Present

Software Developer & Mastering Engineer

Roos Music AB (consultant to IMRSV Music), Stockholm

– In-house Kotlin tooling automating production workflows that used to be manual and error-prone, built test-first with JUnit 5 and MockK

– Rebuilding studio infrastructure: file organization, storage, backup and networking

– Mastering engineer: final audio for commercial releases

Jun 2026 – Present

Software Developer (part-time)

Code Boss, remote

– Backend and frontend development in client projects, plus customer support

Oct 2025 – May 2026

Android Developer Intern

Sigma Connectivity, Stockholm

– Android BLE and LE Audio testing app with Jetpack Compose and Clean Architecture

– Full BLE/GATT and LE Audio stack: scanning, connections, characteristic read/write, notifications

– Lua scripting engine for user-defined BLE test sequences

– Ktor backend with PostgreSQL for test session persistence

2009 – Present

Music Producer, Drummer & Mixing Engineer

Freelance, Stockholm

– Drummer and Musical Director for Benjamin Ingrosso; MIDI and playback tech for Veronica Maggio and Loreen

– Mixing credits include Benjamin Ingrosso, Astrid S, Liam Payne, and Vault Boy; signed producer at TEN Music Group

SELECTED PROJECTS

Audio Watermark – desktop tool that hides inaudible, cryptographically signed watermarks in audio, surviving compression and editing. Signal design and psychoacoustic tuning are my own; built agentially in C++/JUCE.

airwavez – LE Audio / Auracast broadcast ecosystem for shared listening. In design; hardware prototyping is next.

EDUCATION	Java Developer Program, Nackademin, 2024 – 2026 · Music Production, Musikmakarna, 2013 – 2015 · Gymnasium, Södra Latin, 2006 – 2009
LANGUAGES	Swedish (Native) · English (Fluent)
